

BARN DOOR DIRECTORY

A COMPREHENSIVE LISTING OF CLARINGTON'S ASSETS IN THE AGRICULTURE AND FOOD PROCESSING INDUSTRY

Welcome to Clarington's Barn Door Directory!

Sheila Hall

Executive Director &
Economic Development
Officer

As our community continues to grow, it is essential we nurture and promote our existing sector success. With Clarington being home to upwards of 400 working farms, Agriculture is a sector driving our economy. It is our goal at the Clarington Board of Trade & Office of Economic Development (CBOT) to not only learn what is grown and produced at our back door, but engage and network our producers, processors, and all agri-business. We aim to promote partnerships and networking opportunities to see our stake in Agriculture strengthen.

CBOT's goal with the first Clarington Barn Door Directory is to engage and understand what is going through your Barn Door. By having the knowledge of what our community boasts, we can promote Clarington as a place to do Agri-Business, and expand on the innovation of agriculture. Creating a vision to expand our creative jobs and opportunities in Alternative Agriculture will only help to enhance our entire community.

This directory will be on-going, and updated on a regular basis to keep our residents, businesses and investors abreast of just how deep our roots continue to grow.
